COURSE ANNOUNCEMENTS

Typography Studio
Fall 2013

All notifications will be sent by email to your official ucdenver.edu email address exclusively. If you do not have a ucdenver.edu address you must activate it in order to get emails and have access to the Canvas system for discussions and other course materials which will be posted online.

CLASS FORMAT

LECTURE

Presentations will include relevant artists, designers and studios, discussion of readings and detailed scenarios of professional practice, discussion of readings both in class and on-line using Canvas.

RESEARCH

Much of this class will be devoted to understanding the “rules” of typographic style. Each project will have a specific goal but should also be considered an opportunity for you to explore constraint, creativity and meaning-making.

CRITIQUES

On the project due date there will be a critical discussion and presentation of the work with fellow students and faculty.

PROJECTS

Five projects will be given that will demonstrate a sophisticated knowledge of typography and it's appropriate use in when creating physical artifacts, interfaces and motion graphics. Imagery may be allowed in some designs, but typography should take center stage and type should be used as an expressive medium in and of itself. The integration of type + content is important to each project assignment.

TESTS

Three tests will be given throughout the semester on the readings and class discussions.

STUDENTS WITH SPECIAL NEEDS

If you have special needs please contact me during my office hours and be sure that you have registered with Disability Resources and Services (Arts Building, room 177, (303) 556 3450)

COURSE POLICIES

HOMEWORK/CLASSWORK EXPECTATIONS

This is a studio class and will be taught as such. Students should prepare and bring the required materials in class to work on each project, significant class time will be available for work and in progress critiques.

MISSED/LATE ASSIGNMENTS

Projects are due **at the beginning of class on the due date**. Any work turned in late will be worth a **MAXIMUM** of 50% of the specified grade value and will only be accepted the next class session.

PROCESS JOURNAL

Students are required to create a journal, akin to a sketchbook, for completion of projects given in class, as well as to record all aspects of your process. For each project, include and complete the following items:

1. 4 to 5 resource images (computer printouts, photos, or images from magazines, newspapers, or museum publications) of various works that demonstrate the design concepts for each project. Images that do not correlate to the project do not count. Label each image with that artist's name, title of work, media/materials used, size of work, and source of image. No duplicates can be used.
2. For static projects: A minimum of 3 color sketches, 4" x 5" in size, of your project's possible design options. For motion projects: a complete storyboard
3. A 2-3 paragraph self critique of your finished product, discussing how well you used the required design elements/principles, and any other positive or negative feedback you would like to give yourself.

The process folio for each project will be checked throughout the semester during class. The best way to create this book is to get a 2-3" binder and fill it with white sketch paper, Bristol board, and/or tracing paper. Journal assessment for each project is equally weighted.

GRADING

Grades for the semester will be calculated as follows:

Projects = 100 points each project

Final Project = 150 points

Journal/Research = 50 point each assesment (mid-term and final)

Quizzes = 20 points

Tests = 50 points

Progress = 10 or 0 points each assessment

Final grades will be calculated by dividing the number of points possible by the number of points earned. Percentage to letter grades will be assigned using the table below

A	Over 93
A-	90-92
B+	87-89
B	83-86
B-	80-82
C+	77-79
C	73-76
C-	70-72
D+	67-69
D	63-66
D-	60-62
F	Below 60

CANVAS AND EMAIL

All communication through email will take place exclusively using the ucdenver.edu official email addresses that you are required to activate this semester. I plan to use the Canvas system to post grades, make announcements, post the syllabus and to conduct

class discussions.

Online Discussions are a required component of this class, you must have access to Canvas and be able to post to any discussion forums. See "Participation" above for specific grading criteria and weighting.

ISSUES

Art History scholarship and Art Studio practice, along with art teaching and learning, are complex endeavors. They involve the critical exploration of ideas, theories, art-making practices, and art movements, and encompass such things as the human body, sexuality, race, gender, ethnicity, politics, strong languages, religions, and cultures. This course may cover one or more of the above categories and each student will be required to be an active participant in all course assignments, discussions, and tests. Given this information, it is the student's obligation to determine whether the course content and requirements conflict with the student's core beliefs. If a student determines that there is a conflict with his or her core beliefs, one of the following actions must be taken prior to the last day to drop a course without penalty: 1) drop the class; 2) meet with the instructor to determine if an accommodation can be made. Faculty will ascertain if an accommodation can be made; however, faculty are not required to grant content accommodations.

If critiques, discussions, or lectures are not being conducted in a way that is beneficial for you, please come by my office or email me so that we can discuss and make constructive changes.

ADDITIONAL DOCUMENTS

Additional policies for this course (for the entire Digital Design area) are covered in the following documents:
